STOCK METAL DESIGNS

All DHA | Rosco standard gobos are precision etched onto hard rolled stainless steel to fit most mainstream lanterns, follow spots and moving lights. Most of the catalogue patterns, over 1500 in all, are available in all 9 sizes listed below but some of the more intricate designs cannot be reproduced in smaller sizes. Mesh gobos are only available in A and B sizes.

It is also worth noting that some luminaires cannot resolve the full image diameter and most of the popular lanterns have a number of alternative holders to facilitate the use of different size gobos. If a gobo is being purchased for use in an existing holder it is important to check that the gobo and holder are compatible and that the full image size can be projected.

It is DHA | Rosco's policy to maintain stock of all catalogue designs in the most popular sizes, allowing most orders to be despatched by return. With the increased range, however, there may be occasions on which we are out of stock of a particular design. We therefore commit to providing catalogue designs within 5 working days of order, although faster delivery of out of stock designs can be requested subject to a surcharge.

STANDARD METAL SIZES

Gobo Size	**Gobo Diameter** (mm)	**Image Diameter** (mm)
A	100	68-75
B	86	64.5
D	53.3	40
E	37.5	24-28.13
M	65.5	49.5
G / HPE	66	45
V	25	18.75
Cyberlight	44	36-38
Mac500	27.8	23

Catalogue designs can be made to any size (depending on suitability). **No tooling charge is incurred.**

MONOCHROME OR DICHROIC GLASS GOBOS

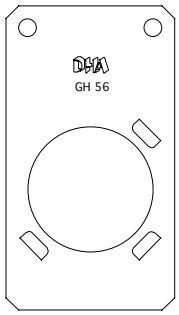
To complement their range of steel gobos DHA | Rosco also produces a range of glass gobos available to special order in sizes to fit most mainstream profile lanterns and moving lights. Unlike metal, glass has the advantage of being able to hold very intricate images and thus allows the projection of extremely fine detail from suitable profile spotlights. They are manufactured so that light can be projected around dark 'islands' of image with no tagging, or with fine half shading.

It should be noted that there are strict guidelines for the use and handling of glass gobos, particularly with respect to lamp adjustment of the lantern in use. Careful attention should be paid to the instructions supplied with all Rosco glass gobos.

Each of the original images in our Glass Signature Series has been primarily designed for use in moving lights and complements our existing range of metal and glass designs. The design process took many months as all the images were produced, projected, assessed and reworked to achieve the perfect contrast and balance of tonal shade to solid block.

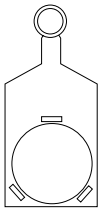
GOBO HOLDERS

DHA | Rosco manufactures gobo holders to fit most luminaires in current use but we can produce holders to suit a particular requirement. When selecting a gobo holder, care must be taken to ensure that both the overall dimensions of the holder and the size of the gobo it will accept, are compatible with the lantern used.

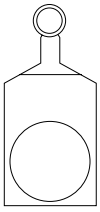


DHA Style Holder

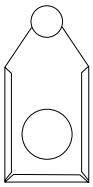
In addition to the standard gobo holders detailed on pages 4-6 Rosco manufactures a variety of alternative holders.



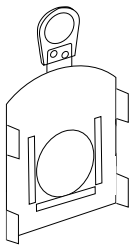
Tabbed (Steel)



Sandwich (Steel)



Channel (Glass)



Universal Iris Slot Holder (Steel or Glass)

Steel Gobos

Steel Gobos can be used in the standard gobo slot of many ellipsoidal luminaries. Specify Holders as follows:

B Size Tab-Style Holder
Use for B size Steel in Altman and other common European luminaries.

B Size Sandwich-Style Holder
Use for B Size steel gobos in Altman and other common European luminaries.

B Size Sandwich-Style Holder – ETC
Use for B size steel gobos in ETC Source 4 and Source 4 750

A Size Sandwich-Style Holder – ETC
Use for A size steel gobos in ETC Source 4 and Source 4 750. It is necessary to trim the gobo with scissors to make it fit in the luminaire.

Glass Gobos

Glass Gobos require gobo holders specially designed to hold the thicker glass patterns. Channel Holders can be used in the standard gobos Slot. Iris Slot Holders must be used in the Iris Slot

BG Size Channel-Style Glass Gobo Holder
Use for BG (79 mm) size Colorizers and B/W Spectrumgobos in Altman and other common European luminaries.

B Size Channel-Style Glass Gobo Holder - ETC
Use for B Size Colorizers and B/W Spectrumgobos in ETC Source 4.

Universal Iris Slot Holder
Use for any B size Steel or Glass gobo in Altman Shakespeare, ETC Source 4, Strand SL, or Selecon Pacific. Double sided to hold two gobos.

It may be possible to use Rosco glass gobos in holders and luminaires other than those listed here. Contact the manufacturer of the luminaire for further information.

GOBO ADAPTORS

To allow more versatility of use for B and M size gobos, we have developed the gobo adaptor. Etched from the same stainless steel as a standard gobo, this simple device allows an M size gobo to be used in a B size gobo holder and a B size gobo to be used in an A size gobo holder.

TADPOLES

For use in conjunction with the appropriate sized gobo holder, the Tadpole allows A, B and M size gobos to be correctly aligned with a lantern. Gobos can be aligned using the tail, which protrudes from the lantern and is designed to stay cool to the touch. The final position can be secured firmly using an etched clip.

Note - Unless otherwise specified, all DHA|Rosco 'A' and 'B' Size glass gobos are made with 70mm glass, bezelled to its Overall Diameter. Some luminaires require manufacturer specific gobo holders.

Many luminaires will not resolve the full image size area and some clipping of extreme edges may occur. The sizes recommended here are the best option available but if a complete and perfectly sharp image is required please refer to us for further advice. For luminaires not listed above please contact one of our customer service staff.

COLORWAVES™

Rosco's ColorWaves™ are a new idea in glass gobos to help create vibrant coloured textures and shapes. Each gobo is a Rosco Image Glass texture, coated in one of five brilliant dichroic colours. The results, when projected in an ellipsoidal luminaire or moving light, offer a remarkable and unique combination of colour, texture, shading and blending. Maximum wattage is 575/600 watt ellipsoidal, 1200 watt moving light. Moving light size is supplied in a mounting ring to facilitate installation in most automated luminaires.

Size Available:	"B" size (86mm); Moving Light Sizes available by special order
Max. Wattage:	600 Watts
Holder Requirements:	Iris Slot Holder (See more information on page 3.)

When used with a steel gobo, the steel gobo must be farthest from the light source to allow for sharp focus. Where possible, install coated side (textured side) towards the lamp. Keep free of fingerprints and oils. All Rosco glass gobos can be used in Rosco Gobo Rotators. Other gobo rotators may require adaptor rings or spring clips for proper sizing and fit. Contact the manufacturer for more details.

COLORIZERS™

DHA Ref	GOBO NAME	Rosco Ref

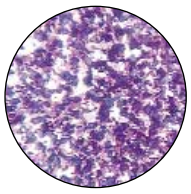
Rosco's Colorizer gobos can be used to create stunning multi-coloured effects. They fit a standard theatrical ellipsoidal fixture that accepts the Rosco "Standard B" size glass gobos. Colorizers can be used alone to achieve coloured projections or paired in a gobo holder with a stainless steel pattern for new dramatic effects.

Size Available: "B" size (86mm); Moving Light Sizes available by special order
Max. Wattage: 1000 Watts
Holder Requirements: Glass Channel Holder or Iris Slot Holder

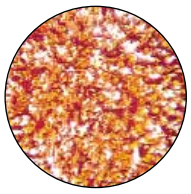
(See more information on page 3.)

All Rosco glass gobos can be used in Rosco Gobo Rotators. Other gobo rotators may require adaptor rings or spring clips for proper sizing and fit. Contact the manufacturer for more details.

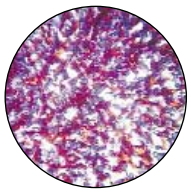
Stippled Series



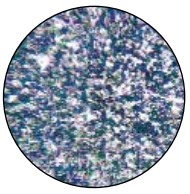
5004/G	BLUE & LAVENDER	5004



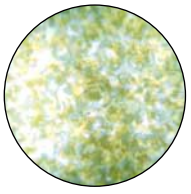
5005/G	AMBER & RED	5055



5006/G	RED, LAVENDER & BLUE	5006

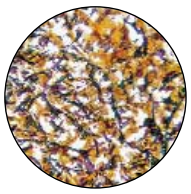


5007/G	GREEN, BLUE & LAVENDER	5007

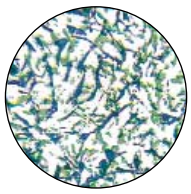


5008/G	GREEN & YELLOW	5008

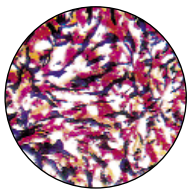
Featherlight Series - Similar to the Stippled Colorizers, but with a less dense "feather duster" pattern to allow more white light through.



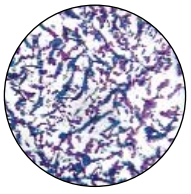
6201/G	BLUE, LAVENDER & YELLOW	6201



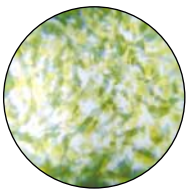
6202/G	BLUE & GREEN	6202



6203/G	RED, LAVENDER & YELLOW	6203



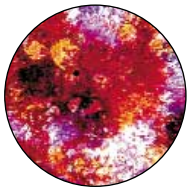
6204/G	BLUE & LAVENDER	6204



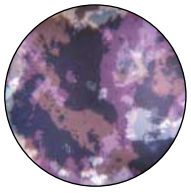
6205/G	GREEN & YELLOW	6205

Free Flow Series - A combination of colours smoothly blended together in a unique flowing design

6101/G	COOL	6101



6102/G	WARM	6102



6103/G	MIDNIGHT	6103

Effect was created using Colorizer, Stippled No. 5004 Blue and Lavender projected in soft focus with the fixture positioned at a sharp angle to the screen.

PRISMATICS™

Prismatics multi-coloured textured gobos are made up of tiny chips of dichroic coloured glass. They combine the brilliant colours of Rosco Permacolor and the intricate deep textures of Image Glass to create a pattern which projects spectacular multi-coloured textures. Use Prismatics alone, combine them with other patterns (steel* or glass) or use them in the Double Gobo Rotator for remarkable moving effects. Prismatics are available in B size for new generation ellipsoidals lamped to a maximum of 600 watts or for moving lights by special order. Prismatics must be used in the Iris Slot of an ellipsoidal fixture.

Size Available:	"B" size (86mm); Moving Light Sizes available by special order
Max. Wattage:	600 Watts
Holder Requirements:	Iris Slot Holder (See more information on page 3)

**When used with a steel gobo, the steel gobo must be farthest from the light source to allow for sharp focus.*

All Rosco glass gobos can be used in Rosco Gobo Rotators. Other gobo rotators may require adaptor rings or spring clips for proper sizing and fit. Contact the manufacturer for more details.

IMAGE GLASS™

Rosco's Image Glass is a new concept in pattern projection. Deeply textured glass patterns refract and bend light into intricate patterns of light and gray scale images. Altering the sharp focus of the fixture transforms the image into a wide range of other textures. Image Glass is recommended for use in moving light fixtures up to 1200 watts or in the new generation ellipsoidals lamped to a maximum of 600 watts. Image Glass gobos must be used in the Iris Slot of an ellipsoidal fixture.

Size Available:	"B" size (86mm); Moving Light Sizes available by special order
Max. Wattage:	600 Watts
Holder Requirements:	Iris Slot Holder (See more information on page 3.)

All Rosco glass gobos can be used in Rosco Gobo Rotators. Other gobo rotators may require adaptor rings or spring clips for proper sizing and fit. Contact the manufacturer for more details.

SIGNATURE SERIES™

Signature Series gobos were designed by some of the most popular lighting designers in both theatre and music touring and those designers are credited on these pages. There are no tooling charges for Signature Series gobos, so this is an economical way to get strong images into your moving lights.

Size Available::	20mm – 100mm
Max. Wattage:	600 Watts (1200 watts in Moving Lights)
Holder Requirements:	Iris Slot Holder (See more information on page 3)

Where possible, install with coated side (textured side) towards the lamp. Keep free of fingerprints and oils. Clean only with very soft cloth and denatured alcohol. No ammonia products.

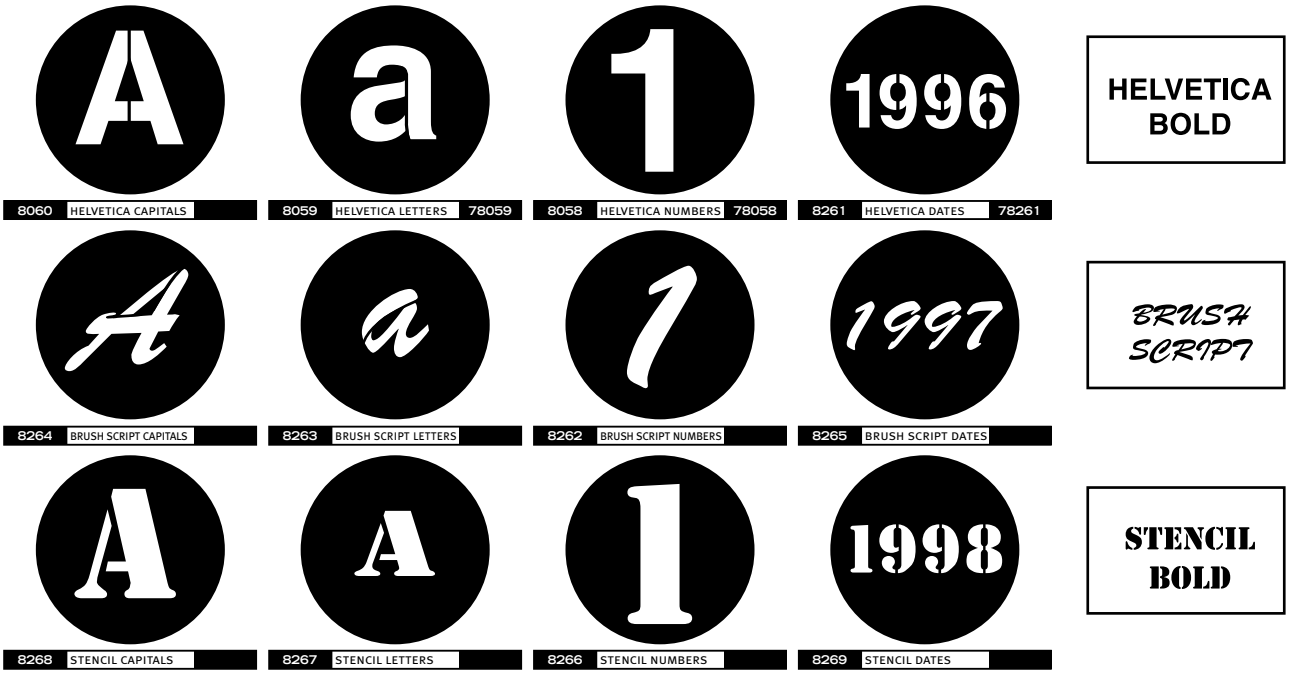
TEXT

All the letters of the alphabet, single digits, question and exclamation marks are available in Helvetica, Stencil Bold or Brush Script.

To order please specify the size of gobo you require followed by the gobo reference number and then the letter or numeral.

A-size 8264 'A'

A-size 8058 '1'



In response to customer demand for 'double figures' and to further extend the versatility of this range DHA|Rosco has introduced a second range of numerical gobos. Available in all standard sizes in Helvetica Bold only, the new range consists of all numbers from 0 to 99. This development means that only one lantern is now required in order to project double figures. The single digits have been scaled accordingly to provide consistent image sizing, should a range of numbers need to be projected. To order from this range please specify the size of gobo required, followed by the stock code 8181 and then the numerical detail.

MAC500 WHEELS

Due to popular demand DHA | Rosco has created ten fixed gobo wheels to fit the Martin MAC 500 lantern. Each wheel has nine designs selected from DHA | Rosco's extensive range of catalogue gobos plus an open aperture. The designs are grouped into categories and all ten wheels are available from stock.

DHA | Rosco are able to produce gobo wheels for most lanterns with either their own catalogue designs or to customers' individual specifications.

DESIGNERS

MIKE BALDASSARI received Tony and Drama Desk nominations for "Cabaret", and received an Emmy nomination for "Garth Brooks Live from Central Park". Designs include Savion Glover's "Not Your Ordinary Tappers" and national tours of "The King and I", "Dial 'M' for Murder" and "Tommy Tune Moonlighting". As the American Associate Designer he has imported to Broadway: "Judas Kiss", "King & I", "Ideal Husband", "Racing Demon", "Indiscretions", "Hamlet", "Inspector Calls" and "Dancing at Lughnasa". Mike was the Lighting Designer for Neil Young's "Harvest Moon" Tour. TV designs include VH-1's "Eight Track Flashback" and MTV News' "Video Music Awards".

KEN BILLINGTON won a Tony Award for his lighting of "Chicago". He has designed over 50 Broadway productions including "Fiddler on the Roof", "Lettice and Lovage", "Tru" and "Sweeney Todd". He is also the principal lighting designer for Radio City Music Hall, where he has designed the Christmas and Easter shows for over a decade. Ken has won the Ace Award for his television designs and he has also won two awards for his architectural lighting.

KIRK BOOKMAN has designed over 60 regional theatre productions at various theatres including the Pittsburgh Public Theatre, the Virginia Stage and the Cincinnati Playhouse in the Park where he is the principal designer. He also designed "The Baby Dance" for the Lucille Lortel Theatre Off Broadway and "De Donde?" for the New York Shakespeare Festival. Opera credits include: "Pearl Fishers", "Rusalka", "Salome Manon" and "Desire Under the Elms" at City Center.

ANDREW BRIDGE won the Tony, Drama Desk and Outer Critics' Circle Awards for his designs for "The Phantom of the Opera". He designed the "Siegfried and Roy Spectacular" at the Mirage Hotel in Las Vegas and Eurodisney's "Buffalo Bill's Wild West" in France. West End credits include the musicals "Time", "Oliver", "An Evening with Tommy Steele", "Torville and Dean", "Bing Crosby" and many others.

LISA CUSCUNA is a graduate of The Cooper Union School of Art and Architecture. She has been designing projection environments for Broadway shows, world fairs, Olympic events, and museum installatiions for more than 20 years. Her technical experience covers a broad range of projection methods including single screen projection, multi source projection, large format projectors, video wall systems and dark ride experiences.

Her work has appeared in the Broadway shows of producers Harold Prince, Trevor Nunn, Bob Fosse and Andrew Lloyd Webber. Her theatrical work is currently featured in the live stage show "Siegfried and Roy" at the Mirage Hotel and Casino in Las Vegas. It wass also a major design component of the Broadway musical "Jane Eyre".

JULES FISHER has won six Tony Awards, more than any other designer. His Tony Award winning productions include "Noise/Funk", "The Will Rogers Follies", "Dancin'", "Grand Hotel", "Pippin" and "Ulysses In Nightgown". He has designed over 100 Broadway and Off Broadway productions including "Ragtime", "La Cage Aux Folles" and "Jesus Christ Superstar".

PAUL GALLO has designed the lighting for the Broadway productions of "Six Degrees of Separation", "The Little Foxes", "Grown Ups", "Come Back to the Five and Dime Jimmy Dean Jimmy Dean", "Heartbreak House", "The Mystery of Edwin Drood" and "The Front Page". He has received Tony nominations for "Anything Goes" (1988), "The House of Blue Leaves" (1986) and "City of Angels" (1990). He is the recipient of two Obie Awards and the Maharam Award.

JOHN GLEASON was the mentor and teacher of hundreds of students when he served as the Associate Chair of the Department of Design at New York University. On Broadway he designed over 90 shows including "Great White Hope", "Two by Two", "Lovers and Other Strangers", the Nichol Williamson "Hamlet", "The Woman", "My Fair Lady", "Hello Dolly", and "The Royal Family".

DAVID HERSEY is a truly multi-national designer. An American, he is a member of the National Theatre Company in London, has won Tony Awards in the US and the equivalent in the UK. His Tony Award productions include "Evita", "Cats" and "Les Miserables", which also received the Dora Mavor Moore Award. In addition, "Cats" received the Drama Desk and Dora Mavor Moore Awards. He has designed for over 100 shows including companies in the Americas, Europe and the Far East. His Broadway and West End credits include "Cats", "Starlight Express", "Les Miserables" and "Miss Saigon".

ABIGAIL ROSEN HOLMES joined Lightswitch in 1995. Her recent work includes the Sony Music portion of the 1995 NARM Convention, the Ford/Lincoln/ Mercury Press Launch at the 1995 Detroit Auto Show, the Electronic Arts Exhibit at the 1995 E3 Convention, the Cleveland Bicentennial New Year's Eve Show produced by Walt Disney World, and the AT&T Exhibit at Innoventions in EPCOT Center. She has designed shows for Peter Gabriel, Pet Shop Boys, Fine Young Cannibals, The B52s, Herbie Hancock, Thompson Twins, Dan Fogelburg, and Talking Heads.

ALLEN LEE HUGHES has been represented on Broadway by "Mule Bone" and "Once on This Island" which earned his third Tony nomination. He is most remembered for "K2", which earned him his first Tony nomination, an Outer Critics' Circle Award, a Drama Desk nomination and a Joseph Maharan Award. His other designs on Broadway include: "Accidental Death of an Anarchist", "Strange Interlude" and "Quilters". His work has been seen at theatres throughout the country including the Goodman Theatre, Ford's Theatre, Kennedy Center, Lincoln Center, Guthrie Theatre and the Mark Taper Forum.

NEIL PETER JAMPOLIS has designed over 300 plays, operas, and ballets internationally, including sets for the Stratford (Canada) Festival presentation of "Carousel", American Ballet Theatre's "Nutcracker", NYC Opera's "The Cunning Little Vixen", and the recent Earl's Court (London) "Tosca". He was represented on Broadway by the production design for "Jackie Mason: Brand New", and lighting for the musical "Black and Blue", co-designed with Jane Reisman (Tony nomination for lighting design). Since 1976, Mr. Jampolis has been associated with the Pilobolus and Momix dance companies. He has also designed for the Metropolitan Opera, The National Arts Centre, Canadian Opera Company, National Ballet of Canada, Houston Grand Opera, Santa Fe Opera, Cincinnati Opera, and New York City Opera among others.

DESIGNERS

LUC LAFORTUNE is an award winning Lighting Designer. His awards include The Lighting Dimensions International Award for Lighting Designer of the Year in 1994 and The Drama-Logue Award in 1992 for his design for Cirque du Soleil's "Saltimbanco". He has designed over 14 tours for Cirque du Soleil including their "Quidam" North American Tour.

MING CHO LEE has worked with many prestigious dance companies, including Martha Graham, American Ballet Theatre, Joffrey Ballet and the Royal Danish Ballet. From 1962 through 1973 he was the principal designer for Joseph Papp's New York Shakespeare Festival. He has designed sets for the Metropolitan Opera, New York City Opera, Lyric Opera of Chicago and San Francisco Opera as well as for theatres including Arena Stage, Guthrie Theatre and Covent Garden. His numerous awards include a Tony, New York Drama Desk and New York and Los Angeles Outer Critics' Circle Awards.

THOMAS J. MUNN has designed scenery and/or lighting for Broadway, Off Broadway, regional theater, ballet, and industrials. Since 1976 he has been the resident lighting designer for the San Francisco Opera, where he has created the lighting and special effects for over 150 productions, including the highly acclaimed "Ring" productions in the '85 and '90 seasons. He continues to design and consult for companies throughout the world.

THARON MUSSER has received three Tony Awards for her work as a lighting designer for "Follies", "A Chorus Line", and "Dreamgirls". Her many contributions include being the first lighting designer to use a computer lighting system on Broadway. She has designed plays and many musicals and operas around the world. Her work on Broadway includes "Jake's Women" which features her gobo "Amorphous", "Lost in Yonkers" and "The Secret Garden".

RICHARD NELSON The late designer's Broadway and Off Broadway credits include "Into the Woods" (Tony and Drama Desk nominations), "Sunday in the Park with George" (Tony, Drama Desk and Maharem Awards), "The Secret Rapture", "Morning's at Seven", "Cafe Crown", "Blithe Spirit", "Loot", "Precious Sons", "Present Laughter", "The Tap Dance Kid", and "The Magic Show". He was principal lighting designer for the dance companies of Merce Cunningham, Jose Limon, Louis Falco, Jennifer Muller, Laura Dean and Anabelle Gamson, and has also lighted the repertories of Alvin Ailey, Martha Graham, Netherlands Dance Theatre, and the Boston, Cleveland, Rio de Janeiro and Paris Ballets.

DENNIS PARICHY has designed over 350 productions during his career. He has been resident designer for The Circle Repertory Company since 1976, has frequently designed for The Manhattan Theatre Club, The Acting Co., and is the lighting designer for Penn & Teller. His Broadway credits include "Coastal Disturbances", "Burn This", "As Is", "Crimes of the Heart", "Talley's Folly", "Fifth of July", and "The Water Engine". He has received an Obie, a Drama Desk Award, Maharam and Drama-Logue Awards and two Tony nominations for his designs.

DOUGLAS W. SCHMIDT Over the course of his career, Douglas W. Schmidt has accumulated enough frequent flyer points to vacation on the moon, having designed more than 150 productions for theatre, opera and television in the U.S. and abroad. Near to Mr. Schmidt's heart are the definitive "Three Penny Opera" for Richard Foreman and the New York Shakespeare Festival, Neil Simon's "They're Playing Our Song", the San Francisco Opera's "Aida" starring Luciano Pavarotti, and Jack O'Brien's "Porgy and Bess" at Radio City Music Hall.

THOMAS R. SKELTON The late Tom Skelton was an artist truly revered in the entertainment industry. He began his lighting career as an apprentice to Jean Rosenthal. He went on to inspire other great designers including Jennifer Tipton and Paul Gallo. Skelton was a brilliant lighting designer and innovated colour techniques for both theatre and dance. He designed for the Joffrey, New York City Ballet, Paul Taylor, Jose Limon, and the Ohio Ballet which he co-founded. His Broadway credits include "A Few Good Men", "Peter Pan", "Oklahoma!", "Brigadoon", "The King and I", "Carousel" and the revivals of "The Iceman Cometh" and "Death of A Salesman". He received 3 Tony nominations, the Carbonelle Award and the Los Angeles Drama Critics' Award during his career.

JENNIFER TIPTON is a well known lighting designer for theatre, dance and opera. Her many lighting awards include two Bessies, two Tonys, a Joseph Jefferson Award, a Kudo, one Drama-Logue Award, two American Theatre Wing Awards, an Obie and two Drama Desk Awards. Ms. Tipton also teaches lighting at the Yale University School of Dramz.

ROBIN WAGNER is one of the most prolific and successful scenic designers in the industry. His Broadway credits include such hits as "42nd Street", "Dreamgirls", "A Chorus Line", "On the Twentieth Century", "Ballroom", "Mack & Mable", and "Seesaw". He has designed for The Vienna State Opera, the Hamburg State Opera, The American Ballet Theatre, the Arena Stage in Washington, D.C. and the American Shakespeare Festival. His many awards include the Tony, the Drama Desk, Drama Critics' Circle and Maharam.

TONY WALTON has won both Tony and Drama Desk Awards for his designs for "The House of Blue Leaves" and "Pippin", and a Drama Desk Award for "Social Security". Other shows which have earned Tony nominations are "The Will Rogers Follies", "Grand Hotel", "Anything Goes", "Lend Me a Tenor", "The Front Page", "The Real Thing", "The Apple Tree", "Chicago" and "A Day in Hollywood/A Night in the Ukraine". Other designs include "Six Degrees of Separation", "Waiting for Godot", "I'm Not Rappaport", Linda Ronstadt's "Canciones De Mi Padre" and Bette Midler's "Clams on the Half Shell". He won an Emmy Award for his design of Dustin Hoffman's "Death of a Salesman".

NUMERICAL INDEX (DHA Ref)
